

REALTORS® Care...

The Calaveras County Association of REALTORS® is proud to announce Carol Johnson as the first recipient of the Housing Affordability Fund which is a local REALTOR® program designed to help people working and living in Calaveras County reach the American Dream of home ownership.

REALTORS® and REALTOR® Affiliates in Calaveras County have a long standing tradition of community involvement, making a difference in the neighborhoods in which they live and work. REALTORS® volunteer their time and effort in numerous charities and worthy causes like this.

The HAF Program was developed to help those people living and working in the County who don't qualify for any of the state assistance programs, but with a little help can actually achieve home ownership. If you live and work in Calaveras County you may qualify for this program. For more info go to www.calaverasrealtors.com or you may contact one of the participants listed below.

The Calaveras County Association of REALTORS®, and the Housing Affordability Fund Committee would like to extend our extreme heart felt thanks for the persons and companies listed below for their contributions, and continued support, which has made this program possible.
